

ADS-B The 2020 Mandate

Aircraft must have Automatic Dependent Surveillance Broadcast (ADS-B) capability in certain U.S. airspace after January 1, 2020. This seminar will discuss how ADS-B works, who needs to equip, and what equipment options are available based on the current state-of-the-art. Don't miss this opportunity to learn about ADS-B. Click on the link below and register TODAY!

Directions: From Everett Turnpike Exit 7W, proceed west on NH Route 101A (Amherst Street) approximately 1/4 mile to the jug handle turn onto Charron Avenue. Proceed south on Charron Avenue to Pine Hill Road. Turn right onto Pine Hill Road and proceed west approximately 1/2 mile, past Perimeter Road, to University Drive on the right. Webster Hall is mid-campus on the left side of University Drive. Parking is available in the parking lots on the right side of University Drive directly across from Webster Hall.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
